

NATION WILL BE SAFE IF REPUBLICANS WIN, SAYS JOHN WANAMAKER

Country Must Be Prepared to
Meet Foreign Competition
After the War.

PHILADELPHIA, Pa., Oct. 30.—John Wanamaker, when asked today what caused him to launch the nation-wide advertising campaign for Hughes, said:

"What I have done is very little, but it has been done gladly. Every patriotic American, realizing the great need for resourceful and immediate action, in view of the crisis faced by the nation, ought to be grateful for the opportunity to help hold up the hands of Chairman Willcox, George W. Perkins and the scores of other able men who are unselfishly giving all their time, day and night, and much of their money, to rehabilitate the United States in the eyes of the world and restore American self-respect and security by the election of Mr. Hughes.

Please understand that by security I do not mean military or naval security, but what is many times more important, the security of the fundamental strength of the nation.

"We must have spiritual, industrial, agricultural, mercantile and financial strength, from which, alone can come, and which can support, military and naval strength, when this proves necessary.

"No matter what politicians may tell you, it is a plain, hard, cold fact that American workmen will not work—and no good American wants them to do so—for the small wages paid in the foreign lands, and if low paid foreigners make as good articles and send them here to sell at half or two-thirds the cost of American-made articles, the foreign articles will sell and the American factory will reduce its help or shut down entirely, and more out of work, by the hundreds of thousands, as they were under the existing Democratic tariff, just before the outbreak of the war, cannot support their families and cannot buy farm produce, it is just as important to the farmer as to the factory worker, or owner, that a protective tariff be maintained.

"I want to see every workman employed, at good wages, and this cannot be, if our citizens must compete with Chinese, Japanese and other foreign labor, earning from a few

pennies a day to half the wages of an American.

"The nation will be safe from every danger which may threaten it if a Republican President and a Republican Congress are sent to Washington by one mandate of the voters Nov. 7."
